

MARCH 21ST – 24TH

KELOWNA

SPRING 2022

» TEST DRIVE OUR PROGRAMS

DIGITAL

BOOTCAMP

CENTRE FOR ARTS AND TECHNOLOGY

» DUTY CALLS

No push-ups, no obstacle course, just pure awesomeness. Want to find out more about your career in digital arts and entertainment? This multi-day, jam-packed adventure is a combination of education, hands-on experience and fun for those in grade 12 or recently graduated, with a passion for the digital arts. Students will take part in a designated Bootcamp mission to test-drive the digital arts program of their choice. Bootcamp is truly a not-to-be-missed learning experience that could lead to your dream career.

HERE'S WHY YOU SHOULD ATTEND:

- 1. YOU** are in grade 12 or have just recently graduated high school, with an interest in digital arts and technology.
- 2. YOU'LL** get the chance to work both individually and as a team, to create, play, discover and learn with other students who share your passion and interests.
- 3. YOU** will experience education that is an essential part of your career planning for professions in the digital arts, entertainment and technology industries.
- 4. YOU** will get hands-on experience in an industry-like setting with other fantastic students. Learn from industry professionals that are ready to share their experiences with you. You will also get a taste of working with the latest software, professional equipment, while learning real-world skills and best practices.

HOW TO APPLY

1. Select Your Mission
2. REGISTER ONLINE AT
www.digitalartschool.com/bootcamp

Application Deadline: February 28th, 2022

Regular price is \$125 for Bootcamp but apply by December 31st for our \$99 Early Bird Pricing Special.

Registration fee and a completed application form must be received by the school in order to reserve a mission seat.

The application fee covers your mission seat, mission materials and a Bootcamp Survival Kit!

GET ANIMATED

ANIMATION

The animation industry is bigger than ever and we want to show you how they bring animated characters to life! Whether you love 2D or 3D animation, you will get a chance to sample both of our amazing animation programs in one exciting week. You will learn the creative and technical processes of animating through traditional 2D pencil and paper as well as 3D animation software. We will show you the tools and techniques of a real animation production studio, while you make some great friends and experience a taste of a new and rewarding career.

Mission Outcome:

- A fundamental understanding of animation principles and animated processes in both the 2D and 3D pipeline.
- Short demo reel showcasing all of your 2D and 3D animations.

THE PERFECT PHOTOGRAPH

PROFESSIONAL PHOTOGRAPHY

Creating professional photographs requires a highly trained eye. During this mission you'll learn how to prepare, capture and edit high-quality professional images. Learning both the creative and technical elements that go into the art of photography, this workshop will prepare your path to become the photographer you've always dreamed of!

Whether taking portraits or composing a conceptual masterpiece, you'll familiarize yourself with the essential skills required for creating a work of art through the lens. This mission is made for eager photogs with an eye for the still image that want to challenge themselves to capture the decisive moment at a professional level.

Mission Outcome:

- Create a series of digital images encompassing the critical components that make up a great photograph
- A new-found passion that will bring a student's photograph to life.
- Basic to intermediate camera skills.
- Studio lighting and outdoor lighting control.
- Model direction.

CAMPUS COVID SAFETY

We are hoping that COVID will be a thing of the past by March 2022, but if this is not the case, we are confident that our experience delivering in-person programs to our full-time students has prepared us to offer you a safe and enjoyable Bootcamp. Here is everything CAT will be doing to make our campus as "COVID-safe" as possible for Bootcampers:

1. Mandatory face covering policy on campus.
2. Enhanced cleaning and sanitization overnight and in between classes of classrooms spaces and mission equipment.
3. Physical distancing in the classrooms.
4. Bootcampers are responsible for bringing their own lunch.
5. Sanitizer stations around campus.
6. Plexiglass barriers in high traffic areas around campus.
7. Cleaning stations before and after use – cleaning spray will be provided.
